2-Year Easy Saver Plan

The 2-Year Easy Saver Plan ("the Plan") is a life insurance plan with savings elements, helping you achieve your financial goal in 3 years by means of the maturity benefit payable after the end of the 3-year term, allowing you to achieve short-term financial planning target with ease.

Plan Features

Achieve Your Short-Term Financial Plan

The Premium payment term of the Plan is only 2 years and the maturity benefit equivalent to the Basic Amount will be provided when the policy matures at the end of the 3-year Policy term. This will help you to realize your financial plans by means of the guaranteed returns.

"Basic Amount" means the amount shown on the Policy Information Page as the "Basic Amount" (or as amended by endorsement from time to time). The "Basic Amount" is used to calculate Premium and guaranteed Cash Value, but it is not applicable to calculation of the death benefit. If the Basic Amount has been amended while the Policy is in force, the said Premium and guaranteed Cash Value will be adjusted accordingly.

Life Protection

In the unfortunate event of the death of the Insured, a death benefit is payable to the Beneficiary. The amount is equivalent to 101% of the accumulated Premiums due and received or guaranteed Cash Value as at the date of death of the Insured, whichever is higher, less any Indebtedness (if any).

2-Year Premium Payment Term

The Premium payment term of the Plan is only 2 years. You can pay the Premium in monthly mode, or annual mode or annual & prepayment¹.

International Emergency Assistance Service²

If the Insured is diagnosed with an illness or is injured in an accident outside Hong Kong, he or she will enjoy comprehensive coverage under the free 24-hour Worldwide Emergency Assistance Service.

Medical Underwriting is not Required

Application for the Plan is easy with simplified application procedures and no medical examination is required.

What are the key product risks?

Credit risk:

This product is a life insurance Policy issued by China Life (Overseas). Any Premium paid will become part of our assets and our financial strength will affect our ability to meet our contractual obligations to you under the Policy. Therefore this product is subject to our credit risk.

Early surrender risk:

The savings component of the Plan is subject to risks and possible losses. Should you surrender the Policy early, you may receive an amount considerably less than the total amount of Premiums paid.

Exchange rate and Currency risks:

Any Policy with foreign currencies involves risks, such as potential changes in political or economic conditions that may substantially affect the price or liquidity of a currency. The fluctuations in exchange rates may also cause financial losses to you during currency conversions. You should consider the potential currency and exchange rate risks before deciding which Policy currency you should take.

Liquidity and Withdrawal risk:

You are obliged to hold the Policy and pay the Premium for the designated period of time. If you terminate the Policy prior to the Policy Maturity Date, you will suffer a financial loss. In case you make partial withdrawals from the Policy, your account value, death benefit and other Policy values will be reduced, and you may need to pay the relevant handling fee or charges (if any).

Policy Termination:

The Policy will be terminated if (a) the Insured passes away, (b) you do not pay the Premium within 31 days of the due date and the Policy has no Cash Value, or (c) the outstanding loan amount is equal to or exceeds the guaranteed Cash Value of the Policy.
